The internship shall be undertaken for the period as approved by the concerned Faculty/Department and as per the Internship Guidelines of NIHF. The candidates shall be required to:

1. Report to the designated Faculty/Officer/Department of the Institute on the date communicated to them.
2. Undertake the assigned academic/research/training activities under the guidance of the concerned Faculty/Officer.
3. Maintain discipline and confidentiality with respect to Institute records, data and information.
4. Comply with all rules, regulations and instructions applicable to interns at NIHF.
5. Obtain prior permission before accessing any restricted records, databases, patient-related information or other confidential material.
6. Submit the prescribed internship report/certificate-related documents to the concerned Department at the completion of the internship.
7. Any publication out of the Internship has to be approved by the Internship supervisor.

This permission is subject to the availability of suitable work/placement and supervisory capacity in the concerned Department and does not confer any right for employment or engagement with NIHF.

The concerned Faculty/Department may assign the candidates work according to the areas of interest indicated above and the academic requirements of their respective courses.

Issues with the approval of the Competent authority
